

NICOLE'S HOME DAYCARE

Bright Eyes & Big Smiles

Hi, I'm Nicole.

I am a state licenced daycare provider and I've been operating daycare from my home since 2005. I have 15 years of experience including 4 years as an assistant director at a commercial daycare overseeing approximately 10 employees and 60 children.

Here at my home daycare, things are a little less formal than at my previous commercial daycare position but I still believe that children do best with a somewhat structured daytime routine. My teaching style is a little less formal too, but I work hard to build age appropriate lessons into all the activities we take part in and allow children to learn at their own pace. I really observe the children's behaviors that clue me into what types of things they are ready to learn about, be it social etiquette, colors, ABCs, counting, and potty training to name a few. I think it's very important that parents and I develop a partnership and work together to be consistent with how we discourage unacceptable behavior and reinforce good behavior and learning.

We love to be outside when the weather lets us. We sometimes go on outings to nearby parks, walks through the neighborhood stopping by other friendly daycares, or even just play in the backyard on the playset; and of course, we love to color the front steps with chalk! Sometimes we even go to the zoo, children's museum, or the pumpkin patch!

Above all else, and what I'm best at providing for the children under my care is a warm, safe, loving environment where they can grow and interact with other children they soon come to call their friends. I love doing this job so much because of all the bright eyes and big smiles I get to see everyday.

Please call or email to ask questions, check availability, or to set up an interview.

Thanks,
Nicole
